

PERMANENT AND INDEFINITE REVOCATION OF CONRAD ROBERT MURRAY MEDICAL LICENSES AROUND THE WORLD PROJECT!

Conrad Robert Murray possessed four (4) State Medical Licenses when he committed the Homicide of Michael Joseph Jackson on June 25, 2009: (1) California; (2) Texas; (3) Nevada; and (4) Hawaii.

California filed Court Papers to Revoke Conrad Murray California Medical License on June 27, 2012, and Texas Revoked Conrad Murray's Medical License on August 30, 2013.

As of today, the States of Nevada and Hawaii have only "Suspended" Conrad Murray's Medical Licenses and (as we understand) he merely need reapply for those Medical Licenses to be reestablished.

In honor of the Memory of Michael Joseph Jackson, for Justice for our beloved King of POP, and so that no other person has to suffer a "Death Sentence" like Michael Jackson did, we have to take the action to notify the Nevada and Hawaii Medical Boards and demand they immediately, indefinitely, and permanently "REVOKE" Conrad Murray's Medical Licenses and inform the Texas Medical Board that we demand they DO NOT Reinstate Conrad Murray's Texas Medical License.

Below are two (2) Separate letters to the Nevada and Hawaii Medical Boards. Please copy and paste Letter #1 and Fax to the Nevada Medical Board and Copy and Paste Letter #2 and Email to the Hawaii Medical Board, as noted.

Additionally, Please Note: As of this posting, it has been reported that Conrad Murray has requested Texas Reinstate his Texas Medical License which was Revoked on August 30, 2013. We have added Letter #3 to the Texas Medical Board demanding they DO NOT reinstate Conrad Murray's Medical License. Please copy and Paste Letter #3 and Fax to the Texas Medical Board, as noted.

All directions are identified and clearly specified below.

Thank you for taking the time to support this very important effort!

LETTER #1 TO NEVADA MEDICAL BOARD

Complaint Form at: <http://www.medboard.nv.gov/Forms/Complaint.pdf>

Dear Sir or Madam:

I am writing to place a complaint against Conrad Robert Murray, Nevada Medical License #9141 for the following in violation of the Medical Practice Act: Gross Negligence and Repeated Negligent Acts, Incompetence, Unprofessional Conduct, and at least 17 Egregious Violations and Departure from the Standard of Care. All are substantially related to the inadequate qualifications, functions, and duties of Conrad Murray to a substantial degree and evidence present and future unfitness in a manner consistent with public health, safety, or welfare.

The seventeen (17) separate and distinct Egregious Violations of the Standard of Care, of which four (4) are Unconscionable, based on Conrad Murray's Police Interview and as testified in Court by Dr. Steven Shafer on October 19-20, 2011, are:

1. The lack of basic emergency airway equipment;
2. The lack of advanced emergency airway equipment;
3. The lack of suction apparatus;
4. The lack of an IV infusion pump;
5. The lack of alarmed pulse oximetry;
6. The failure to use a blood pressure cuff;
7. The lack of an electrocardiogram;
8. The lack of capnography;
9. The failure to maintain a doctor-patient relationship;
10. The failure to continuously monitor the mental status of the patient;
11. The failure to continuously monitor the breathing of the patient;
12. The failure to continuously monitor blood pressure and pulse oximetry, and to have heart monitors;

13. The failure to call 911 immediately;
14. The failure to chart at the outset of the procedure (egregious and unconscionable);
15. The failure to maintain written informed consent (egregious and unconscionable);
16. The failure to document throughout the course of sedation (egregious and unconscionable); and
17. The failure to disclose to both the paramedics and UCLA the use of propofol and what Murray witnessed at the arrest (egregious and unconscionable).

As you know, the Medical Hippocratic Oath is an oath historically taken by Doctors and other healthcare professionals swearing to practice medicine ethically! Conrad Murray took a Hippocratic Oath, which is one of the oldest binding documents in history. The Oath is supposed to be held sacred by Physicians, but instead, Conrad Murray ABANDONED THE HIPPOCRATIC OATH choosing to commit these aforementioned Seventeen (17) egregious deviations/violations and COMPLETELY ABANDONING THE OATH AND HIS PATIENT, MICHAEL JOSEPH JACKSON!

I am a member of a large group of millions of people demanding appropriate Justice for the Homicide of Mr. Michael Joseph Jackson.

I respectfully request an immediate Review and Revocation of the Nevada Medical License of Conrad Robert Murray, who was Convicted and Found Guilty on November 7, 2011, of the Homicide (Involuntary Manslaughter) of Michael Joseph Jackson on June 25, 2009. Based on the facts that are present in the case of The People v. Conrad Murray, Case Number SA073164, Dr. Murray who is responsible for the death of Mr. Michael Jackson, displayed a careless, reckless, and intentional disregard for his life.

THE ADDITIONAL DETAILED FACTS:

Dr. Murray administered Propofol in a residential home setting without the aid of appropriate medical equipment to monitor his patient, Mr. Michael Joseph Jackson, as noted above.

Dr. Murray, a Cardiologist, knowingly performed Cardiopulmonary Resuscitation (CPR) on a "bed" contrary to medical guidelines on the proper method to perform effective CPR.

Dr. Murray left the room for a long period of time after injecting high levels of Propofol into Mr. Michael Joseph Jackson.

Dr. Murray did not use sound judgment nor exhibit good faith and did not call 911 emergency assistance for an unacceptable length of time, which is extreme willful misconduct and negligence.

Dr. Murray did not tell the truth regarding his administering Propofol nor the amount of Propofol he administered as the autopsy findings of Mr. Michael Joseph Jackson attest.

There seems to be deliberate inconsistencies in the timeline provided by Dr. Murray.

There are also allegations that Dr. Murray completely abandoned his patient and left the premises of N. Carolwood Drive for several hours after he administered the Propofol to Mr. Michael Joseph Jackson.

Clearly, this is abandonment by Conrad Murray of his Hippocratic Oath as a Medical Doctor.

Given the gravity of the situation and the fact Mr. Michael Joseph Jackson's life was taken, the mere "Suspension" of his Nevada Medical License is a slap on the wrist as he gave Mr. Michael Joseph Jackson A DEATH SENTENCE!

As aforementioned, we are a base of constituents representing millions of interested people around the Country and the World who are dedicated to the Permanent and Indefinite Revocation of Conrad Robert Murray's Nevada Medical License.

We look to you as Medical Professionals to represent in good faith the medical profession, the best interest of the people of the State of Nevada, the United States, the World, Mr. Michael Joseph Jackson's Family, and most importantly his three children who no longer have a Father because he was taken away from them so tragically!

Thank you very much in advance for your prompt attention to this very, very important request. We look forward to your immediate action.

Respectfully submitted,
